

PARROT

POWER^{plus}
HOME & GARDEN

INDOOR - OUTDOOR LCD SOLAR THERMOMETER

POWERplus® Parrot Indoor - Outdoor LCD SOLAR THERMOMETER

POWERplus®
HOME & GARDEN

POWERplus introduces to the Home & Garden line, the Parrot; a solar powered indoor - outdoor LCD thermometer

Through the interchangeable suction cup, the Parrot can be used both indoor and outdoor. The clear display shows the actual temperature, the trend of temperature and the minimum and maximum temperature of the past 24 hours.

Small and compact. With the integrated suction cup, you can mount the Parrot on glass or other flat surfaces.

Bright display with daily minimum and maximum temperature

Interchangeable suction cup for indoor or outdoor window mounting

Integrated solar cell to extend battery life
